PERFORMANCE BENCHMARKS

407.06M

Downed Firefighter CPR

Discipline: R.I.G.
Effective: 4/5/2016
Revised:
Replaces:

Anne Huff, Fire Chief

I. Objective

While wearing full protective equipment including SCBA, the examinees shall demonstrate the downed firefighter CPR method utilizing proper equipment and techniques.

II. Instructions – Procedures for Achieving the Objective

With the downed firefighter lying supine on the ground, you shall correctly drag the downed firefighter to safety using proper equipment and techniques and effectively begin the down firefighter CPR Method. You will begin on my instruction to start. The skill will end when you have dragged the downed firefighter to safety and successfully completed the down firefighter CPR method. Do you have any questions? Do you understand these instructions?

III. Examiner's Note

The examinees will not be able to review the performance steps prior to testing. The downed firefighter shall be in place for the skill prior to admitting the examinee into the testing area.

IV. Preparation & Equipment

- A. Person to act as the downed firefighter
- B. Complete structural firefighting PPE ensemble
- C. SCBA
- D. AED

V. Reference Sources
